

PRESS RELEASE MECO

WHAT CAN YOU EXPECT FROM THE IN-SERVICE TRAINING MECO?

In May 2023 from 22nd till 26th, the Spanish partner STPEUROPA will host 15 educators for a Learning, Teaching, and Training Activity in Salou (SP) from Lithuania, Netherland, Italy and Bulgaria. The event will be a transnational exchange of know-how among adult educators and professionals who will test all the materials developed.

The training features innovative teaching strategies that are media-rich and interactive. As this offer is aimed at adults, general principles of adult education apply to all resources, meaning the contents are relevant to the professional life of adult educators and are centred on challenges and particular goals with the target group. The following modules are included in the MECO In-Service Training are the following;

1. ICT-related addictions;
2. Cyberbullying of/ by adults;
3. The potential of digital tools/ new technologies in learning paths;
4. ICT tools for assessing the knowledge of end-users;
5. The risks of the digital world/the dark side of social networks;
6. Essential needs of educators to support adult learners with fewer opportunities;
7. New technologies at work to promote innovation and creativity;
8. Critical thinking development in the use of web for adults;
9. Awareness raising of adult trainers on: video games, online gambling, online child pornography, online grooming, sexting, risks associated with online commerce, pro-suicide, pro-anorexia, pro-bulimia websites;
10. E-learning platform development for adults (what need to be taken into consideration)

During the training activity **we will host an online event** to disseminate and promote our MECO resources in our five countries as part of our Multiplier events.

You are invited to a Zoom meeting.

When: May 25, 2023 04:00 PM Helsinki

Register in advance for this meeting:
